CLEANCAF®

Coffee Machine Cleaning Powder

For Use on Home Coffee and Espresso Machines

1. Dissolve contents of Cleancaf® package in 32 oz. / 1L (or equivalent to a full pot) of warm water.
2. Pour solution into water reservoir. Put empty pot and filter basket in place. (for espresso machines attach handle and place an empty container below).
3. Turn machine on and begin the brew cycle.
4. Discard entire solution once it has passed through your machine. Rinse all components and repeat steps 2 and 3 twice with clean water.

Note: Solution can also be used to clean coffee mugs and other plastic accessories. Avoid extended contact with aluminum.
